INCA LONDON

We are the first cabaret-style restaurant in the Mayfair area, offering extravagant performances throughout the evening. Our theme is theatrical, glamorous, and infused with the spirit of Latin America. The atmosphere is defined by rich, bold, and adventurous colours.

At the forefront of London's exclusive restaurant and party scene, our venue is a remarkably versatile space, with rooms that can be adapted to suit any event.

We are proud to offer a dedicated catering division for all occasions, presenting banqueting-style sharing tasting menus, private dining options, and an extensive canapé and bowl food selection - complemented by a carefully curated drinks menu.

CONCEPT

NCA London is an immersive dinner show restaurant that transports guests on a sensory journey through the vibrant spirit of Latin America. Each evening combines fine dining with world-class performances, weaving together music, dance, and theatrical spectacle for a truly unforgettable experience.

Our vision is to reimagine the traditional dining experience by blending gastronomy with live entertainment in a seamless flow from dinner to late-night celebration. The atmosphere is electric yet refined, where bold flavours and daring creativity are at the heart of everything we do.

CULINARY EXPERIENCE

Our menu is designed for sharing, featuring colourful and vibrant dishes that celebrate the essence of Latin America. Guests can enjoy fresh guacamole, crisp salads, tostadas bursting with flavour, and delicate ceviches, all crafted to be experienced together at the table. The journey continues with indulgent desserts, from the richness of dulce de leche, to the classic tres leches cake.

To complete the experience, our signature cocktails pay homage to Latin America, with recipes inspired directly by native traditions and regional ingredients.
