

Luna, our new members' club, is the epitome of exclusive privacy:

It's a space within a space, a gem that's tucked away for only the most insightful to know about.

Luna
LONDON

Nestled behind two elegantly framed arches that form the vaults supporting the historic London Palladium and situated within the alcoves of the world-famous Inca Restaurant, this 200-capacity sanctuary is perfectly formed and entirely self-sufficient.

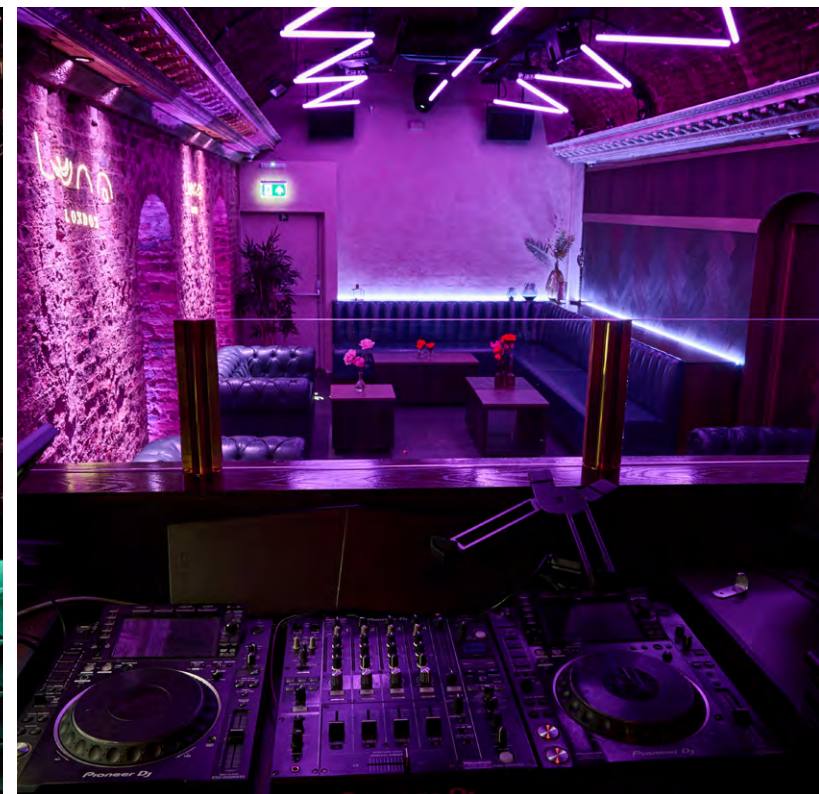

Decked with the state-of-the-art Funktion-One sound system, Luna offers an extensive selection of canape and bowl food options catered by our in-house team, making it the perfect all-in-one solution for your private parties or corporate events.
